**DETAILED ACTION**

***Reissue Applications***

The reissue oath/declaration filed with this application is defective (see 37 CFR 1.175 and MPEP § 1414) because of the following:

The substitute specification filed 12/23/2003 has not been entered. The subject matter being added to the original patent is double underlined. This is not acceptable under 37 CFR 1.173(b). For example, page 1, line 22 should be:

a.     Field of the Invention

Also, the type of underlining used at page 201 is not straight. It should be changed to the type used in the example above.

The formula (5) on page 228 has lines that are overlapping in a manner that makes them unreadable. This should be corrected.

It is required that a substitute specification be provided that one can clearly determine the subject matter added (aaaaaa)/deleted ([aaaaaa]) from the original patent.

Claim1 is rejected as being based upon a defective reissue oath/declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the oath/declaration is set forth in the discussion above in this Office action.

Any inquiry concerning this communication should be directed to Mark Hellner at telephone number 703 306 4155.
